MATT EMULSION
INTERNAL WALLS & CEILINGS

MOVE & STORE

Keep container upright and secure at all times, in a safe and dry place especially during transit. Reseal container, do not store below 5°C or above 40°C.

SURFACE PREPARATION

All loose material including loose plaster, cement splashes, old paint, dust, etc. must be thoroughly removed. New plaster/ concrete must be fully cured.

APPLICATION
Roller, brush or airless spray.

CONDITIONS DURING APPLICATION
The temperature of the substrate should not be less than 5°C and relative humidity should not be more than 70% measured in the vicinity of the substrate. Good ventilation is necessary when the paint is used in confined spaces.

SAFETY, HEALTH AND ENVIRONMENT

- Read label before use.
- Keep out of children's reach.
- Safety data sheet is available on request.
- Repeated exposure may cause skin dryness and cracking.
- If medical advice is needed have product container or label at hand.
- In case of contact with eyes, promptly remove contact lenses and flush with water for atleast 15 minutes. Get medical attention immediately.
- Dispose of content and container in accordance with all local, national and international regulations.

MATT EMULSION
INTERNAL WALLS & CEILINGS
